The reliable, high-quality phone for professional home calling needs – with best conference calls

For a high-quality phone with sophisticated features that meet professional home standards, discover the elegant Gigaset S810. This phone's high-quality functions add comfort and convenience to your communication. The hands-free calling function is the best in its class, allowing you to multitask or conference call while experiencing a wonderfully clear connection. Equipped with a Bluetooth® connection, the Gigaset S810 enables a wireless headset connection for a high level of flexibility. Also, the Bluetooth® connection allows you to sync Outlook contacts between your PC and the Gigaset S810 via the 1-click interface. With this effortless transfer of data, you save a large amount of time. The address book holds up to 500 vCard entries. Thanks to radiation-free¹ ECO Mode Plus, the Gigaset S810 is an environmentally friendly choice in home telephony. The Gigaset S810: the home office phone that organizes and streamlines each day with its high-quality functionality.

Bluetooth® connection benefits and flexibility

Enjoy the freedom of hands-free calling while you work or chat with friends on the Gigaset S810. This phone offers the highest level of hands-free talking in its class. With its Bluetooth® connectivity, you can use a wireless headset to achieve a great amount of freedom. The

Bluetooth® connection also lets you synchronize Outlook contacts on your PC with the Gigaset S810 in just one button click. If you'd like to bring more communication opportunities throughout your household, easily expand the Gigaset S810 by up to 5 additional handsets.

Optimal organization

Add efficiency to each day with the Gigaset S810's highly useful, professional functions. The generous address book stores up to 500 vCard entries, and lists of the past 60 missed, dialled and received calls are saved for your reference. Easily save multiple numbers for each contact in the address book. Incoming/missed calls will then indicate whether a contact has called you from home, the office, their mobile phone, etc. – so you know exactly where to reach them. You can save the numbers of 9 of your favourite contacts, making them reachable with the click of individual speed-dialling keys. An integrated calendar lets you enter events and activate an alarm function that reminds you about appointments, birthdays, etc. These practical features save you time and simplify your daily life – which is why the Gigaset S810 home office phone is a favourite among professionals.

Quality design

The Gigaset S810 is a pleasure to use, especially because of its attractive, functional design. The large TFT colour display has a modern user interface that is easy to read and navigate. You can easily adjust the volume while talking with the practical side key for volume control. The Gigaset S810 also features a high-quality keypad for effortless, precise dialling.

Another great tip for busy households: increase your flexibility immensely with the new Gigaset Smart Extra, the L410 speakerphone clip. This device brings even more convenience into your household and is fully compatible with the Gigaset S810.

Gigaset L410

ECO DECT: Pure energy savings and radiation-free¹

The energy-saving power supply of the Gigaset S810 consumes less electricity², so it's kinder to the environment, and kinder to your wallet. Like all Gigaset cordless phones, it variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset S810's base station by 80%³ simply by selecting the ECO Mode. Furthermore, radiation-free⁴ ECO Mode Plus turns off the transmitting power when the phone is in standby.

For a professional home office phone that is intuitive to use and full of convenient features, discover the Gigaset S810.
